If you miss Manhattan, you are one train stop away.
Or one walk across the bridge.

The choice is yours.

 - A sponsor friendly exhibition area designed for high visibility
 - Easily configured breakout rooms for attendee sessions

Why Sponsor?

What Sponsorship Provides

- Sponsorship money raised is provided to the United States PostgreSQL Association, a 501(c)(3) and is used for:
 - All costs related to hosting PGConf US 2016 including:
 - Space + Audio/Visual Equipment Rental
 - Subsidize Food + Beverage Costs at Meals and Receptions to help facilitate networking
 - Travel reimbursement for select speakers
 - A subsidy in order to keep ticket prices low; PGConf US conference tickets are still significantly cheaper than other database conferences
- Any proceeds support the ongoing activities of the United States PostgreSQL Association, which include:
 - Supporting monthly meetup activities of affiliated PostgreSQL User Groups, such as NYCPUG, PhillyPUG, PDXPUG, and more, by sponsoring food, space, and travel costs for speakers for these meetups
